

## Department wise equipment details

### Applied Science Department

Photographs	
	

Chemistry Lab

- Fabricated DTA
- Fabricated TG equipment
- Lab guard Fume hood
- Inert high temperature work platform
- Ball mill
- Hydraulic Pellet press and die set
- Flame photometer
- Colorimeter
- 979 VA Computrace – Cyclic voltameter
- High temperature furnace
- U.V. Spectrophotometer (lab India)
- Laminar Air Flow
- Trinocular Research Microscope
- Magnetic Stirrer with Teflon needle
- Bomb Calorimeter
- Spin Coater

Biology Lab

- PCR
